Hey guys,

Look I'm sorry for that weird message.
Seeing Aine like that spooked me,
but i realize now I didn't have as much proof as i thought i did, here's an email i just sent clarifying the situation. What had me worried. It's the fact that it was exactly the same thing that happened to Julia,
except with Julia it happened twice.

I'm not taking it to superior court unless Aine or Julia or someone I know get's injured again soon, for now I'll just file that as mysterious.

Sorry for any worry I might have caused you,

-Brendan

> Registrar,

I swear the following is true.
As it was a year ago, my memory is a bit hazy,
But if I recall, the timeline was as follows:

Sometime around April 2024,
I was informed that Megan Yang had shut down my Scotiabank Account,
I had something like 30 days to move my money out of the account and find a new bank,
As I was off my medication, I sent a bizarre rambling messsage to Megan Yang,
requesting she inform me of the reason for the shutdown, or possibly to inform her I had filed at HRTO about this matter.
Megan Yang sent police to my door, they warned me not to contact her or I would be arrested,
I sent 1 more communication, a polite 1 or 2 line message, informing her I had filed at the HRTO,
which was taken up, in the early stages. She was not served if i recall.
Megan Yang then sent police again, who warned me not to contact her again, or I would be arrested,
I told them, I am acting as a self represented lawyer in a case against Megan Yang,
and I was merely informing her as fair warning that I had filed and giving her notice that the court may choose to take it up. I pointed out that a lawyer may contact someone they are potentially filing charges against in order to inform them, under the rules I believe this is true.
The police laughed at this, and asked me "Are you a lawyer, did you complete the bar?"
I told them, "I am self representing as a lawyer in an HRTO case, so yes in that sense I am acting as a lawyer." Which provoked more laughter.

Around this period of time, my landlord Julia (my landlord and friend) came home with a huge purple black eye. I was startled by this, as were Oleg and Oleksiy, my housemates. She said she "fell".
1-3 days later, she came home again with a big black eye, she said she "fell". The same thing I was told about my mother yesterday. (No trip to the hospital occured, as a phonecall with Sam, precluded it.)

Furthermore, in a conversation with Julia last night, I got the impression she was afraid,
Julia is rarely direct, she speaks in implication usually, so it is hard to rely on her direct statements.
She seemed afraid, she talked about going away. Oleksiy stressed the point that "Julia's not here"
Even though she was clearly just in her room. This is not particularly evidence of anything,
But it is a suspicious pattern of behavior emerging around my HRTO filings.

Forgive me if I gave the impression I had rock solid proof of anything,
I put this into the record, only because, if any further injury occurred,
To my mother or Julia or anyone close to me, I would like this on the record first,
as that would be establishing a pattern of behavior. At this time it is only suspicions.

Regards,
Brendan Rose
